# POLITICAL MAP: CONTINENT OF AFRICA

◆ Color-code the following African countries:

① in the south

- Botswana - brown
  - Republic of South Africa . purple
  - Madagascar . red
- LABEL the city Cape Town, South Africa.

② in the central and east

- Nigeria - red XXXXs
  - Democratic Rep. of the Congo (the large Congo) . black
  - Rwanda - orange
  - Tanzania . light blue
  - Kenya . purple XXXXs
- LABEL the city Nairobi, Kenya.

③ in the west and north

- Mali - brown XXXXs
  - Niger - yellow
  - Libya . dark blue
  - Egypt . light green
  - Sudan . green XXXXs
  - South Sudan . dark green
- LABEL the city Cairo, Egypt

You will KEEP this map ALL YEAR!

# PHYSICAL MAP OF AFRICA

Your map quizzes will be in three parts. We will quiz over ① in the south places when we study southern Africa. We will quiz over ② in the central and east when we study central and eastern Africa. And of course, we will quiz over ③ in the north when we study the north of Africa.

Your mid-term (9 weeks) test will include all of the Africa map information. But it will be easy by then. No, seriously. It will!

## ① in the south

◆ Use dots ❖ (like sand!) to **draw** and then **label** the **Kalahari Desert**.

◆ **Label** the following bodies of water:

✍ **Atlantic Ocean**

✍ **Indian Ocean**

## ② in the central and east

◆ **Label** the following bodies of water:

✍ **Lake Victoria**

✍ **Congo River**

◆ Find the **zig-zag** on the map and

✍ **label** it "**Great Rift Valley**."

## ③ in the west and north

◆ **Label** the following bodies of water:

✍ **Niger River**

✍ **Nile River**

✍ **Mediterranean Sea**

✍ **Strait of Gibraltar** (opening between the Atlantic Ocean & Mediterranean Sea)

◆ Use dots ❖ (like sand!) to **draw** and then **label** the **Sahara Desert**.
