

Canada Vs. The United States of America
"I'd rather live here" Assignment

Canada is the best country to live in, isn't it?

Your task is research, investigate and prove why Canada is the better country to live in compared to the USA. You will use the netbooks to research information about Canada and use that information to debate with your fellow group about why Canada is the better country to live in.

You must use at least 4 of the reasons below to support your statement:

- Canadian climate
- Canada's reputation (friendly, helpful, peacekeeping)
- Canada's athletic superiority (especially in hockey)
- Canada's musical talents
- Canada's physical beauty (Rocky Mountains, Niagara Falls, Great Lakes, Northern Tundra etc)
- Canada's land mass
- Canada's multiculturalism (French-speaking province, many religions/cultures living together etc)
- Canada's free education

An example of evidence to support your argument might be:

- Canada is the best place to live because of our free health care system. Imagine getting the flu and not being able to go to the doctor because you can't afford it. In Canada, most of our medical expenses are paid for. If I need to go to the hospital for a broken leg, I can just walk in and get treated free of charge! Wouldn't you want to live in a country like that?

Your group is required to:

	Choose at least 4 "reasons" you would like to prove for why Canada is the best place to live
	Research the reasons chosen
	Write down evidence found
	Write down what you will say during the debate with supporting details/evidence
	Practice what you will say in your debate
	Debate the USA group

-

An example of evidence to support your argument might be:

- The USA is the best place to live because of money. We don't ever have to fuss around with change in our pockets because we have bills! Canadian's have loonies and toonies and they just make your pockets heavy, and rattle when you walk. In America, everything is a nice, small, quiet bill that fits easily into your wallet. Another great thing about all of our bills is that they are all green. Canadian money looks like its from a board game, but American money looks much more serious. Wouldn't you want to live in a country who knows how to make money?
